

Law360 Profiles Simpson Thacher as Capital Markets Practice Group of the Year for 2020

12.14.20

For the seventh consecutive year, Simpson Thacher was named a *Law360* Capital Markets Practice Group of the Year. The profile highlighted the Firm's many successes over the past year, including advising on several billion-dollar transactions in the face of pandemic-related market turbulence, such as Carnival's \$6.59 billion debt and equity offering and ZoomInfo's \$1.07 billion initial public offering.

When discussing why clients turn to Simpson Thacher for some of their most complex capital markets matters across industries, Art Robinson, Global Head of the Firm's Capital Markets Practice, noted, "We have incredible equivalence, in terms of the dedication and practice to both the issuer side and the investment banking side...That is a key strength of our platform, because it truly gives us a 360-degree appreciation for every aspect of a deal."

Partners Roxane Reardon and Richard Fenyes were also quoted in the feature.
