Kevin Roe advises public charities and private foundations on structural and operating issues, including formation, governance, reorganizations, commercial transactions, domestic and international grantmaking and taxation. He also provides advice to not-for-profit institutions and their donors on charitable giving and has particular expertise in corporate philanthropy.

In addition, Kevin represents universities, foundations, hospitals and cultural institutions in connection with the investment of their endowments, including in the review and negotiation of documentation relating to investments in private funds and similar investment vehicles and in connection with impact investments

PRACTICE FOCUS

Corporate Exempt Organizations

and mission- and program-related investments.
