Dan Webb's practice focuses on capital markets transactions, corporate governance and securities law matters. He advises issuers, underwriters and sponsors on initial public offerings, follow-on offerings, block trades, PIPEs and other equity offerings, and offerings of preferred stock and investment grade, high yield and convertible debt, as well as tender and exchange offers, SPACs and various types of acquisition financing. His representations have included Facebook's \$16 billion IPO and Apple's inaugural \$17 billion bond offering, the largest corporate bond offering in history at the time. Dan is recognized as a leading lawyer by *Chambers USA*, which quotes clients and counterparts who describe
